

Have you ever wondered what a "Mileage Route" is?

Mileage Routes

Salary for rural carriers serving routes classified as mileage (M) is determined under the Rural Carrier Schedule (RCS) based on the length of the route as determined by the official measurement.

Mileage routes, also referred to as M or RCS routes, are regular routes which the carrier is compensated on the basis of the route's mileage and RCS (mileage) schedule. Mileage routes are no longer established. As existing mileage routes are vacated or standard hours increase so that the evaluated salary of the carrier would exceed the RCS salary, they are converted to the evaluated compensation system, at the appropriate classification.
